Find at least six differences in details between panels.

Differences: 1. Dog's leg is moved. 2. Woman's leg is moved. 3. Bush is reversed. 4. Arms are higher. 5. Dog's ear is different. 6. Fence has more boards.

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.
