Find at least six differences in details between panels.

Differences: 1. Number is smaller. 2. Cap is different. 3. Shutter is smaller. 4. Mailbox is lower. 5. Tree is missing. 6. Wall is not as wide.

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.
