In awarding these four scholarships, the Townsend Rotary Club honors our past outstanding members whose life provided some of the finest examples of "Service Above Self". In addition, Rotary also supports the future leaders from this community as they make an important step forward in life by furthering their education.

These Scholarship awards will be given to honor graduating seniors who best exemplify, by his/her conduct and service in the community, the highest ideals of Rotary for "One profits most who serves best".

Applicants must be good citizens in both the school and community. Each applicant will be required to provide a maximum two-page typed narrative including a list of their service activities. The applicants will be required to attend an individual in-person interview or an on-line interview conducted by members of the Rotary selection committee.

For the maximum two-page typed narrative: Please state your reasons for applying and give a few examples of how you have served your school, school organizations, faculty, 4-H / FFA, church, civic organizations or projects, employers, older/special needs individuals, athletics, RYLA, Interact, Veterans, etc. Please be specific in your narrative. Also, include a detailed list of all your service activities, any leadership positions you may have held and the length of time (hours, days, or years) you participated in that activity. We look forward to reading your application, meeting you and hearing your story. These awards will be given to the top four applicants as scored by the selection committee review of the applications and the interview results. Rotary reserves the right to not award one or more of the scholarships if the committee feels the applicant(s) do not warrant an award. Best wishes in your endeavor.
